Connecting to the College of Education Conceptual Framework Pillars:

The four pillars of the College of Education Conceptual Framework are an important foundation that informs who we are and what we truly value. Those pillars are:

1. content and pedagogical knowledge,
2. technology to facilitate teaching and learning,
3. diversity with a commitment to social justice, and
4. impact on student learning.

By building a foundation of content and pedagogical knowledge, using technology to facilitate teaching and learning, valuing diversity with a commitment to social justice, and impacting P-12 student or client learning, we inform our practices and provide a foundation upon which learning evolves.

Recommended statement for the syllabus with the opt out option: Rowan University has a licensing agreement with Turnitin, an online service to help prevent student plagiarism. As part of this course I will be using Turnitin at my discretion to determine the originality of your work. If your work is submitted to Turnitin, it will be stored in the Turnitin database. You have the right to refuse either to submit your work to Turnitin or have the university do so; availing yourself of this right will not negatively impact your success in the course.
